ECO FRIENDLY HANDMADE BAGS

# Our Product

We are making sustainable bags, made from recyclable materials, that are eco-friendly to raise awareness of the global climate change..

## PRODUCT FEATURE

The bags are made from recyclable material, and we are using fabric pens, fabric paint and Sharpies, as well as recycled cloths to create special designs for each bag.

## PRODUCT COSTING

We have spent £26.97 on creating the bags.

We are selling the bags for £3 each.

## TARGET BUYERS

Parents, teachers and students – a variety of ages.

SUPER 6  
PRESENTS

**SUSTAINABAG SUSTAIN  
OUR FUTURE**

## DAY ONE

We planned our project, sorted out group rules, organised team roles, and came up with the team name.

## DAY TWO

We created a slogan and started making bags. We also carried out a survey to see if people wanted to buy them and made a marketing video

## DAY THREE

We continued to produce designs for bags and made new fabric bags.

## DAY FOUR

We gained 20 new bags to decorate, so we spent the day designing them,
